Dear Microbiologics Customer,

The name of Microbiologics product 0524 (ATCC Licensed Derivative® ATCC® 17386™*) has been changed from *Pseudomonas fluorescens* to *Pseudomonas protegens* (G). ATCC® reported to Microbiologics that the name of ATCC® 17386™* was changed after full length sequencing and additional biochemical tests performed by ATCC determined this item is, indeed, *Pseudomonas protegens*.

Sincerely,
