

December 2015

Dear Microbiologics Customer,

The name of Microbiologics product 01056 (derived from ATCC® 9842™*) has been changed from *Salmonella enterica* subsp. *enterica* serovar Abortusequi to *Salmonella enterica* subsp. *enterica* serovar Bispebjerg.

ATCC reported to Microbiologics that the name of ATCC® 9842™* was changed due to Luminex PCR testing which determined that its antigens are (4, 12: a: enx) instead of (4, 12: -: enx), which was provided upon deposit of the strain.

Sincerely,

Kali Sorum
Technical Support Specialist
