Dear Microbiologics Customer,

The name of Microbiologics product 01087 NCTC 10252 has been updated in our system from *Salmonella enterica subsp. salamae serotype Tranaroa* to *Salmonella enterica subsp. salamae serotype Tranoroa*. Our labeling has been updated to reflect this change. This change was made due to a spelling error.

As always, it is a privilege to serve you. We want our customers to purchase our products with absolute confidence, knowing they are manufactured to the highest possible standards.

Sincerely,

Cait Laudenbach  
Technical Support Representative
