

March 2015

Dear Microbiologics Customer,

The name of Microbiologics product 01011 (ATCC Licensed Derivative® ATCC® MYA-4549™*) has been changed from *Zygosaccharomyces bailii* to *Zygosaccharomyces parabailii*. ATCC® reported to Microbiologics that the name change was due to a recent published study involving multigene sequence comparison and other characterization. The study titled “Proposal of *Zygosaccharomyces parabailii* sp. nov. and *Zygosaccharomyces pseudobailii* ps. nov. novel species closely related to *Zygosaccharomyces bailii*” can be found in the *International Journal of Systemic and Evolutionary Microbiology*.

Sincerely,

Megan Murn
Technical Support Supervisor
